The game is not very challenging. Even though there are a lot of games available on it, there isn't much in the way of difficulty. This is a big negative in my opinion - especially for older kids who love to face tough challenges such as some video games on the market now which can sometimes be really difficult and where you have to wait for many hours in order to even pass the game. This might be a problem if you are playing with smaller children - some games on roblox are known to last for days or weeks before they finish. My 6 year old absolutely loves roblox and games

like this are great for that age group. If you're looking to play with kids older than that then I'd suggest looking at something else. There is some violence in the game, but nothing major (for example you can only fight by swinging a sword or shooting a gun, rather than hand to hand fighting) and it's all in the context of a game. Overall we love it and it was worth the money!

14. The only way to get a game on Roblox or get updates onto a game is through requesting it by going to the developers profile on Roblox and requesting the game, as well as getting the updates, and other stuff that goes on within the platform. 15. When people talk about games that do not function properly or have glitches within them, they should not be punished or reported because it's not their fault that there are glitches within the game. 16. Instead of banning them, developers should be able to fix these glitches without getting banned. 17. People always say that Roblox is not a safe place for kids to go on but it's a safe place for kids to play and enjoy free games because all the games are fun and most of them don't have any inappropriate content. 18. I love Roblox so much! I will never ever stop using it...

A user's membership is displayed as a number of "blocks" that they have in their account. This number can be increased at any time by purchasing a builders club membership which also unlocks other features such as custom backgrounds, avatars and other features like chat rooms and new games. The first block costs 99 cents, while additional blocks begin at \$2.99 for 12 blocks. Unlike Xbox Live Gold and PSN, the number of blocks does not reset after you have purchased them, but keeps track of all the purchases you made up until you buy more blocks.
